

Last semester didn't go well? Need to work towards a better grade?

ELCA Connect Credit Recovery can help!

Need to recover credit for a course? The ELCA Connect Credit Recovery Program makes it possible for high school students, who were not academically successful initially, to repeat and receive credit for a failed course. These courses are taken online with a certified teacher. Enrolled students are required to take all module tests and exams at ELCA in a proctored setting in order to receive credit.

High School Credit Recovery courses may be taken during the school year in conjunction with the student's traditional academic classes or taken during the summer.

High School Credit Recovery courses are NCAA approved because they are NOT abbreviated courses. Enrolled students take the entire course over again. Semester courses have a minimum enrollment period of 8 weeks and yearlong courses have a minimum enrollment period of 16 weeks. The courses are rigorous and require a time commitment of 10 – 15 hours per week in order to be successful.

High School Credit Recovery course costs are:

- \$572 + \$60 application fee per semester course
- \$728 + \$60 application fee per yearlong course

If you have questions or need additional information, contact:

Martha Fairley, Director of ELCA Connect Online Learning
